Stage Manager: Alisha Morris

REHEARSAL REPORT #9

DATE: 10/27/11

START TIME: 6:40pm

END TIME: 9:43pm

REHEARSAL SUMMARY: Bill worked THEY FELL and WHERE IT WENT on the stage.

SCENIC: Can we put the lift back to the level it was last night (lower)? We don't want to put the truck idea to rest quite yet. If it were still a possibility at all, it would be awesome to have it.

COSTUMES: Kayla is meeting with Bill about costumes Friday night at 6:00, is it possible to leave the shop unlocked for us? Sandrine's costume needs to have a place for her to put her car keys.

HAIR/MAKEUP: nothing at this time

PROPERTIES: Bill liked the bigger end table. The lampshade can have color, just as long as it's not white. We liked the car keys that have the metal ring and multiple keys.

LIGHTING: nothing at this time

SOUND: Alex and Trevor are meeting with Bill at 5:45pm on Monday, October 31st.

FRONT OF HOUSE/PUBLICITY/BOX OFFICE: Bobby Covington, Trent Reese, Kayla Lopez, Ben Wendt will be going to the KOKO radio interview at 8:30am with Jan.

MISCELLANEOUS: All students who need clearance to stay in the dorms for our last performance (Friday night, November 18th and Saturday night, November 19th) please e-mail me as soon as possible. Strike after the final show will be brief, we will only be taking down the ground row and moving things from the shop onto the stage so that the shop can be buffed. So, strike will continue the Monday that we return from thanksgiving break during shop hours (from 2:00-5:00pm). This is REQUIRED for all individuals involved in the production as well as the stagecraft students. The Discovering theatre talkback list will be posted on the callboard. Please sign up for a time. Shop hours are due Friday, November 11th.
