Stage Manager: Alisha Morris

## REHEARSAL REPORT #18

DATE: 11/9/11	START TIME: 6:40pm	END TIME: 9:55pm
---------------	--------------------	------------------

**REHEARSAL SUMMARY:** We ran through the show without stopping while the crew watched. Bill gave notes to cast and crew after. After notes, we staged the curtain call and Bill worked a few scenes.

**SCENIC:** none at this time

**COSTUMES:** Daniel needs glasses. Can we get handkerchiefs/bandanas for Chad and Randy to have in their pockets, just in case they need to clean up soda in character?

**HAIR/MAKEUP:** Adam requests that all actors have foundation, mascara and eyeliner by Sunday.

**PROPERTIES:** Could we find a way to reinforce the Natty Lite box since we are now putting the shoes inside of it? Perhaps add some cardboard on the inside sides for stability and then tape with clear tape? Could we tape Glory's map so that it's not ripping anymore? The ironing board fabric got stuck on the thing that slides underneath, could we possibly tack the fabric or something to make it not get caught anymore?

**LIGHTING:** none at this time

**SOUND:** Just a reminder that we will need mics off stage in the wings for actors speaking off stage.

**FRONT OF HOUSE/PUBLICITY/BOX OFFICE:** none at this time
